# Purchase + Discount

When we say MONAT is unique, we mean it! The Purchase + discount is a tiered discount savings program that all customers can enjoy on ALL purchases, including Flexship orders! Purchase + makes saving on our premium, naturally based products easier than ever—the more you spend, the more you save! Best of all, you enjoy Purchase + discounts in ADDITION to your 15% VIP Customer discount! Here is how the discount works.

- Add products to your shopping cart and enjoy the following discounts when you reach the retail spending thresholds:

- 15% on \$116 USD +
- 20% on \$150 USD +
- 25% and \$250 USD +

- Reaching our Purchase + spending thresholds is easy! You'll be notified how far away you are from the next threshold and savings each time you add items to your shopping cart!

- Plus, many of our flash sales count toward the Purchase + spending thresholds—allowing you to enjoy additional savings! \*

- Upon check out, we will display the retail price of your purchased products, your exclusive VIP Customer price, and the Purchase + discount applied to your order. Nothing says savings like Purchase +! Remember, the more you spend, the more you save!

\*Some Flash Sales will count towards the spending thresholds, but the discount will not apply to the products in the Flash Sale. The customer will need to add a regularly priced product to the cart in order for the discount to apply.
